Helix Diagnostics is Helping 13 Major Educational Institutions to Stay in Session and to Compete in Sports

Helix Diagnostics is Michigan's fastest growing independent laboratory. We are very proud to be helping twelve major educational institutions to carry on their missions through custom Covid 19 testing solutions via molecular qPCR.

We have partnered with the following fine educational institutions in their endeavors to keep their staffs and students safe while continuing their education and athletics:

Western Michigan University
Central Michigan University
Eastern Michigan University
Kettering University
Calvin University

Helix Diagnostics Expands Licensure
- 2** Covid 19 Testing Results in Less than 48 Hours
Helix Diagnostics is Hiring
- 3** Helix Diagnostics Recent Happenings

Helix Diagnostics is now Licensed in the States of New York and California

Helix Diagnostics is pleased to announce that in addition to Michigan, we are now also licensed to operate within the states of New York and California

Helix Diagnostic's CEO, James Grossi says "being licensed in the state of New York is part of our overall mission to bring high value diagnostic testing to multiple states where we can be an asset in the war against Covid 19."

Alma College
Davenport University
Adrian College
Ferris State University
Waterford Montessori Academy
Trine University
Ohio Northern University
University at Buffalo

Helix Diagnostic's President, Brian Tierney says "Helix Diagnostics is thrilled to help colleges and universities stay in school and participate in sports safely with comprehensive testing. We have a unique ability to deliver timely results to the Administration and Health Services departments on their student/faculty population. Julie Pantalone, our Vice President of Sales has been instrumental in executing our testing programs at these universities."

Helix Diagnostics also offers custom designed Covid 19 testing solutions for businesses. Individuals may receive Covid 19 testing through partnering physicians' offices. Drive up collection is available at our 6200 Highland Highland Road location in Waterford, Michigan (Monday and Thursday 9:00 am – 4:00 pm) as well as in the parking lot near light post 16 at Briarwood Mall in Ann Arbor, Michigan (Monday – Friday 7:00 am – 3:00 pm).

Helix Diagnostics is a state-of-the-art clinical laboratory that incorporates the latest technology and methods to provide comprehensive diagnostic testing, including: urine and oral fluid drug monitoring, pathogen detection, pharmacogenomics (PGx) (PGx) testing, coronavirus testing via molecular qPCR and Covid 19 antibody testing.

Helix Diagnostics is Reporting Covid 19 Testing Results in Less Than 48 Hours

Helix Diagnostics is reporting Covid 19 testing results less than 48 hours from receipt into our lab inventory system. This helps Michiganders return to work, school, and their daily lives much sooner than waiting several days for results as has been the norm.

Helix Diagnostics President Brian Tierney says "Helix Diagnostics has made a significant investment in people and automation for our molecular laboratory which allows us to increase daily volume of processing capacity. Our clients have been thrilled with the speed of our result turnaround times as a result. We often release patient results in less than 24 hours of receipt into Helix molecular lab."

Helix Diagnostics is Growing and Hiring

We are the fastest growing lab in Michigan and WE ARE HIRING!

Helix Diagnostic's Recent Happenings

Helix Diagnostics conducted Covid 19 and Covid 19 Antibody testing at "New Jerusalem Full Gospel Baptist Church" located at 1035 East Carpenter Road in Flint on July 15th from 9:00 am until 7:00 pm.

Participants were asked to bring their health insurance card if they had one. However nobody was turned away for lack of insurance.

Helix Diagnostics Chief Executive Officer, James Grossi said "Having grown up in the north end of Flint, this city has left an impression on my heart. Unfortunately when it comes to health care, Flint is an under-served area. The people of Flint deserve the same access as everybody else in the state. We are happy to partner with "New Jerusalem Full Gospel Baptist Church" to assess the Covid 19 situation in Flint. This is our chance to give back to the city I love."

Helix Diagnostics Supported Easter Seals of Michigan's "Check up from the Neck up"

This program occurred on October 8th, 2020 for "National Depression Screening Day".

Helix Diagnostics was a Proud Sponsor of ACC's "Winter Warm Up".

This great program to help those in need took place on October 21st, 2020.

Winter Warm-Up
